actions

IN CHAMBERS PROCEEDING:

cc: counsel: BTR

On February 10, 2003, the court held a status conference with counsel of record. The court addressed issues relating to the March 31, 2003 informational hearing and the April 2003 Daubert hearing. The court ruled that the parties would be allotted six hours total for their presentations on March 31st and that plaintiffs would be afforded the first opportunity to address the court on that day. The court informed the parties that letters would be sent to state court judges inviting their participation, either in person or through video-conferencing if possible, in the March and April hearings. The parties agreed to work on setting a date in early April for an additional status conference prior to the Daubert hearing.
